August 13, 1986

Mr. Donald L. Pendleton  
District Manager  
Bureau of Land Management  
P. O. Box 768  
Richfield, Utah 84701

Dear Mr. Pendleton:

Re: Reclamation Bonding, M. C. Godbe III, Sevier Dry Lake Project,  
PRO/027/008, Millard County, Utah

Per your request, this letter will serve to clarify and formalize the joint bonding agreement between the Division of Oil, Gas and Mining (DOGM) and the Bureau of Land Management (BLM) concerning the above referenced project.

Because the proposed project is located on both state and federal lands, three separate agencies require reclamation bonding: The Utah Division of State Lands and Forestry (DSLFF), the DOGM and the BLM. As the Division of Oil, Gas and Mining is the only agency of the three which holds bonding Memorandums of Understanding (MOU's) with the other two, we have requested that the Bond be held by this office. Although our current MOU does not specifically address the case where the DOGM is the Bond holder, please accept the Division's commitment that the bond will not be released without the written consent of the State Director, Bureau of Land Management.

Mr. Godbe has indicated that he anticipates submitting a surety bond in the amount of \$65,000 before the end of August. Upon receipt, a signed copy will be forwarded to your office. Should you have any questions or require additional information, please contact me or Dave Wham.

Sincerely,

*L.P. Braxton*
